## **NEWS RELEASE**

### **STATE REPRESENTATIVE GREG DAVIDS WILL SEEK RE-ELECTION**

*ST. PAUL* B State Representative Greg Davids (R-Preston) has officially announced that he will once again seek re-election this fall to the Minnesota House of Representatives.

“It is such an honor to serve the residents of Fillmore and Houston counties,” Davids said. “I care deeply about the people in southeastern Minnesota and the issues that affect them.”

Davids said he will continue to fight for job creation policies that will strengthen the rural economy, fairer funding for rural Minnesota schools, and smarter spending of your tax dollars. Davids believes all hardworking Minnesotans are paying enough to state government, and strongly opposed the massive tax increases enacted by legislative Democrats and Governor Dayton during the previous legislative session.

“My goal has always been to make Minnesota the best place to relocate a business, and the best place to raise a family,” Davids said. “I humbly ask for your vote this November, and look forward to visiting with area residents in the months ahead.”
